

The Federal Communications Commission

Dear The Federal Communications Commission,

Dear FCC, Thank you for responding to all of my communications in a timely manner. I find it necessary to write to you once again.

I cannot afford to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair! THIS IS UNFAIR! !!!!THIS IS UNFAIR!!!!!!

I use my wireless phone for safety. I don't want to lose these benefits.

I urge y'all to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair! Or at least keep it so that I can have a telephone.

Sincerely,

Patricia Shields
